A stunning and secure entrance for your home

If you are looking to transform your property our range of composite doors are the ideal choice. With a great range of traditional and contemporary styles, colours, furniture and glass, you can design the perfect focal point for your home.

Your door will look stunning for years to come, manufactured from a tough GRP surface in either a woodgrain finish to replicate timber or a smooth/etched finish to replicate aluminium. The inner core is manufactured from high density polyurethane foam, which offers exceptional thermal efficiency and will help to reduce energy bills.

The safety and security of your loved ones and belongings is a key factor in your purchase and you can be confident that, as standard, our doors are manufactured with leading hardware which will ensure your new door does just that.

This brochure is designed to give you ideas and inspiration in creating your new door. Hardware positioning and glass designs may vary depending upon technical specification and finished size of your manufactured door. Please be aware that your door may not look exactly like the door you have chosen in this brochure.

A much more secure home

Your front door is playing a big role in the protection of your belongings and loved ones. As standard our doors are manufactured with leading security and lock mechanisms to give you complete peace of mind.

Security of valued possessions and protecting loved ones are the main priority of any homeowner. Our composite doors have been designed to exceed even the most stringent of expectations. This is why we have incorporated a number of security features as standard.

- High performance multipoint locking system, set for smart technology. Your lock will be Kubu equipped, meaning you can easily transform your door to a smart door at any point.
- A neat and unobtrusive 2D-C hinge available in a range of colours for your door. With the unique patented lateral adjustment of +/- 3mm, it has a high load carrying capacity of 40kg, preventing the door from dropping.
- Ultion Diamond Secure Cylinder Lock supplied on all doors.

Optional Upgrades for your door

AV3 available with normal and heritage lock

Upgrade to an automatic locking door, this lock negates the need for a lever/lever door handle. You just pull or push the door closed with the bar handle and it automatically throws the hooks and dead bolt, making your home secure. When leaving your home or going to bed just simply turn the key to deadlock everything into position.

Ultion Smart

An innovative new lock to transform your door to a smart door, which can be locked with your smartphone or watch.

Secured by Design

For the ultimate in security, simply specify Secured by Design (SBD) to upgrade your door to this coveted standard.

Please note Kubu and SBD are not available with AV3.

COMPLETE PEACE OF MIND

For enhanced security and extra peace of mind, the coveted police-led Secured by Design standard can be easily achieved across our range of composite doors with a few minor upgrades.

Specifying 'Secured by Design' on your order ensures your door will be manufactured by our fabricator Glazerite UK Group Ltd to the ultimate security specification for complete peace of mind and protection of your home.

ACTIVATE YOUR KUBU SMART LOCK

Your new door will be Kubu equipped. All you have to do is visit kubu-home.com to purchase your Kubu Starter Kit, install the app and you have a smart door.

Kubu uses smart and simple technology to monitor your lock in real time. You will be able to check the status of your door no matter where you are from the Kubu app on your phone.

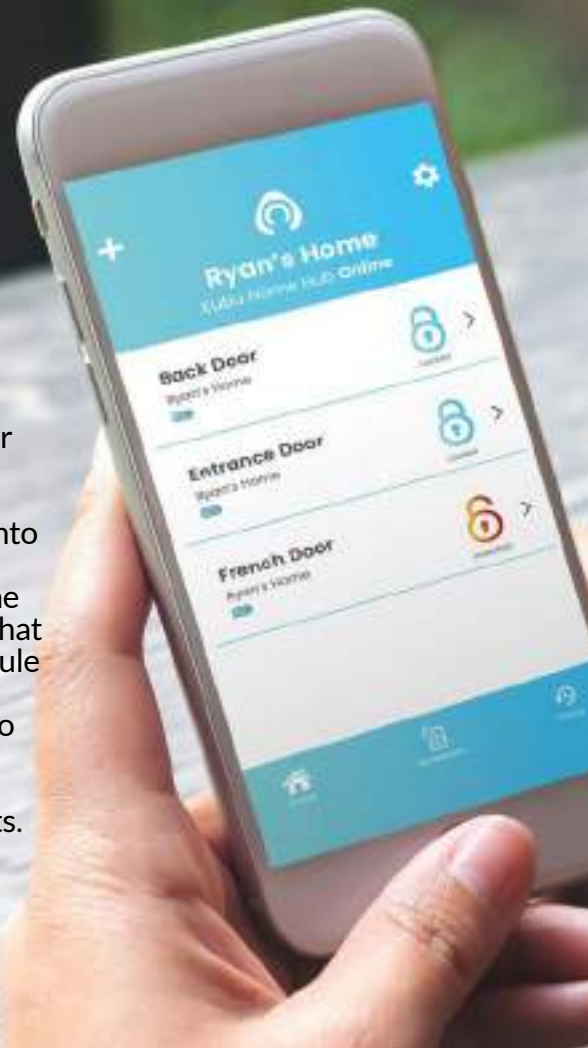

The Kubu starter kit comes with one home hub, one door module, a plug and batteries. You can simply add more doors to your hub and app by purchasing additional door modules.

Setting up your new smart door couldn't be easier:

1. Download the Kubu App onto your phone.
2. Plug in your Home Hub. The Home Hub is a wifi bridge that connects to your door module and activates it.
3. Insert the Door Module into your door lock.

Then start enjoying the benefits.

Visit kubu-home.com for more information.

ULTION BECAUSE IT STAYS LOCKED

Millions of doors in the UK can be opened quietly in under 10 seconds with normal tools. Even the most secure multi-point hook mechanisms are disabled when the cylinder lock is snapped.

Still protects when the key is inside the lock

Something many of us are guilty of is leaving the key in the lock on the inside. Even with the most snap secure locks, leaving the key in the lock can completely remove any snap protection you thought you had. But not with the Ultion!

Attack forces lockdown mode

The moment that Ultion detects forced entry it activates an attack lock directly into the central cam - this is 'Lockdown Mode'. Even if the most determined intruder gets past Ultion's two sacrificial sections they won't get to attack lock because it is protected deep inside a solid molybdenum core and secured with a dedicated retaining pin. When Ultion is in lockdown mode your home and family are safe.

This is why we have chosen to incorporate the Ultion Diamond secure lock with all of our composite doors. When the Ultion detects attack a hidden lock automatically engages. Even in lockdown mode it stops the intruder from opening your door. Even after the failed attempt, your door can still be opened and locked from the inside.

The Ultion has been rigorously tested, nothing has beaten it.

For more information on Ultion and the benefits visit: www.ultion-lock.co.uk

THERMAL PERFORMANCE

Composite doors are much more thermally efficient than either timber or PVC, and our doors are manufactured to the highest quality standards, making them more thermally efficient by design.

The warm foam core allows the door to have a significantly better 'U' value than any other option on the market and our entire range meets with the requirements of the current Building Regulations.

There are various upgrades to glass options which increase the thermal performance of the door. The combination should keep your home warmer and could help reduce your energy bills.

YOUR STYLE AND COLOUR

The first decisions in designing your new front door are deciding on the style and colour.

We have a great range of traditional and contemporary door styles in a wide range of colours or colour match to any RAL.

Supplied in a VEKA or Halo sculptured or bevelled outerframe.

YOUR GLAZING OPTIONS

The glass you choose is as important as the door style and colour.

With a wide range of options available in contemporary and traditional styles you'll be able to create the perfect focal point for your home.

YOUR HARDWARE OPTIONS

The hardware you choose gives your door its own individual look.

Our hardware is high quality, assuring long term performance and security of your home. Your hardware choices can make a real statement.

Just your style

TRADITIONAL

Our traditional door styles are designed to replicate the most popular timber doors with a realistic woodgrain embossing in the surface. Whether you are enhancing the entrance to a period home, modern townhouse or a cottage, there is a style to suit the property and your taste.

Inox

Frame your door

Choose a sculptured profile for a more rounded, ornate style or bevelled for an angular modern finish. Your frame colour can either complement or contrast your door to complete the look.

Sculptured Profile

Bevelled Profile

Choose your colour

Standard Colours

Our popular standard colours are generally available on shorter lead times.

Manufactured with a white interior is standard, although you can choose a colour on both sides. Please note not all door styles are available in the full colour range.

Premium Colours

Our range of premium colours finished in a Semi-matt, Satin or Semi-Gloss sheen dependent upon colour.

PAINT

In addition to the standard and premium range of colours you can choose a specific RAL for your door.

Patina Colours

Exclusively available for Monza designs.

Only available on the Monza range, offering more choice for your designer door. With these stained handcrafted finishes, each base colour has a carefully selected complementary Patina stain designed specifically to enhance the Monza's contemporary detailing.

Caring for your
new door
A few tips...

Your new door should keep you safe and secure for years to come. However with all products, and especially those that are exposed to the elements, we recommend that you carry out a care and maintenance routine.

- Door frames should be washed with warm soapy water, however stubborn stains can be removed using specialist uPVC cleaners and by following the manufacturers' guidelines.
- The door leaf should only be cleaned using warm water or non-aggressive composite door wipes. No solvent-based product or abrasives should be used as these will damage the surface of the skin.
- External glass should be cleaned with warm soapy water and cleaned with a proprietary glass cleaner.
- Hardware can be cleaned with a mild detergent and wiped clean.
- No harsh chemicals or abrasives should be used.
- The door should be maintained for your guarantee to apply. Hinges should be lubricated with engineering oil. Cylinders can be lubricated with Teflon-based products only, as other oils may cause degradation. If necessary, a small amount of lubricant can be applied to the moving parts such as letterplates, handles and knockers.

Space for a sidelight

If you have a hallway with a larger opening you may opt for a statement with the addition of some sidelights to your door.

Note: these are only available in a few of our door styles.

Choose your glass style

Decorative glass transforms doors and makes a personal statement. We offer a range of styles to suit all budgets and tastes to complement our traditional and contemporary doors perfectly.

4 Bevel

A simple glass design combining 4 clear bevelled glass squares and blackened caming that allows the light to flood in.

Artisan

Striking and flowing elliptical shapes join an array of crystal clear diamond bevels to create a dazzling effect. Glue chip surrounding textures provide a perfect contrasting finish.

Astoria

An Edwardian era design created using a combination of rich coloured glass of varying texture. Encapsulated inside a triple glazed unit to combine traditional leaded glass with 21st Century performance.

Athena

The Athena gracefully combines brilliant cut lines and a clean sandblast finish. The understated half glazed model is a great option as a simple glass design for a back door.

Belgravia

A Victorian inspired repeat design with a delicate star motif set into a diamond pattern. The combination of etched and clear glass works beautifully well on this traditional timeless design.

Birchwood

The purity of this linear range draws its inspiration from Frank Lloyd Wright. Hints of cubism come together with leading edge glass technology to create a wonderful multi-textured finish.

Bloomsbury

An impressive large bevel cluster for those looking for a real feature statement. The Bloomsbury bevels will refract light beautifully and its intricate detail is unsurpassed.

Carrington

Only available in our Marquise door, this simple design and uses traditional lead on a stipple backing glass. The diamond lead design sits proud to the outer pane when glazed into the door.

Diamonte

Offset diamond clear bevels of the Diamonte design provide a particularly modern finish. This contemporary design is finished to the highest standard with zinc and soldered joints.

Essence

A 1930's style decorative glass design combining a range of bold heritage colours and textured glass with blackened coming and traditional soldered joints.

Grange

Our Bullion uses new techniques to create a very deep cut and impressive look. The circular bands create prisms of light and the design works very well in all styles of property.

Hathaway

Antique coloured glass is joined using a stunning black came and weld. All is encapsulated within the insulated unit for easy upkeep and to protect the design.

Indulgence Grey

The delicately shaped clear glass bevels glisten against the etched glass and create a look of understated and tasteful elegance.

Lanesborough

Genuine coloured Spectrum Glass with blackened comes combine to create this stunning leadlight design, reminiscent of the Victorian era. With Lanesborough, you can now have all the benefits of traditional leadlights, with the performance and thermal properties you would expect in your door. Available in 3 border colours: Amber, Blue or Green.

Numbers*

A custom house number as a combination of clear and etched glass, is available on a range of standard glass sizes.

Optimal

Simulated divided lights create the look of individual panes of glass, whilst maintaining the performance benefits of a single double glazed unit.

Onyx

Beautifully handcrafted, the geometry of the brilliant cut recurring diamond motif, complemented by etch effect glass, bring privacy and security to your home.

Prestige

An ageless classic design with crystal cut bevels surrounded by a stipple backing glass. The design incorporates clean zinc lines and traditional welded joints.

Renaissance

'Renaissance' epitomises ultimate luxury. An ornate clear bevel cluster will shimmer and refract natural light beautifully. This lush option is available with the choice of a clear or black crystal cut border.

Stardrop

Stardrop features delicate star drops in a sparse pattern giving a high level of obscurity through the etched texture of the glass.

Tiffany

The Tiffany is reminiscent of designs used in the Victorian period. It uses a combination of vibrant coloured glasses against a background of softly rippled glass, with blackened comes.

Tranquility Zinc

This extremely popular model combines multiple cut bevels and striking backing textures all encapsulated with the insulated glass unit.

Trio Diamonds

The finest quality of hand crafted decorative triple-glazing with a contemporary zinc finish. Luxury crystal cut bevels are sealed securely between 2 panes of safety glass to ensure good looks for many years to come.

CONTEMPORARY

Artemis

Simple but extremely effective. The Artemis features an etched glass centre with a clear surrounding border. A strong option for both traditional and modern homes alike.

Aspen

This European style design is produced using high grade brushed stainless Inox elements, that are bonded to the centre pane of glass. This combination provides a unique contrast.

Aztec

A luxury triple glazed option, featuring modern black came with hammered and stipple backing glass. This crisp design offers very high levels of privacy and allows lots of light throughout any entrance.

Cubic

The concentric squares inside a band of sandblasted glass is a subtle take on our Vector design. The Difuso glass ensures high levels of privacy whilst maintaining light transmission.

Deco

Exclusively commissioned by glass artisans, Deco uses a sophisticated frosted backing glass coupled with clear dividing lines that create a simple, elegant and highly desirable contemporary design.

Halo

A stunningly simple design, Halo is created using hand cut glass centres, that are polished and bonded within a clear border. The contrast offers a beautiful combination.

Luxor

Intricate laser cut brushed stainless steel is inset within each triple glazed panel and located with zinc joining strips. A heavily embossed backing glass offers good levels of privacy.

Mercury

A modern clear design laced into an etched backing glass with feature clear glass bevels. Mercury has a chic look with the glass bevels sitting proud to the outer glass pane.

Milan

A modern yet understated, sleek decorative door glazing. A blend of deep cut glass bevels and 'reed' highly obscure backing glass combine perfectly to reveal an extremely alluring finish.

Panama

A sophisticated, contemporary design incorporating various glass textures with clear 'came' lines. Panama is a twist on lineal Art Deco period style.

Rhapsody

Rhapsody is designed to focus on European styling that suits the door that surrounds them. Contemporary, clean, simple etched designs that have proved very popular.

Synergy

A modern twist on a traditional technique, Synergy combines hand-cut textured glass pieces, contemporary fused glass elements and polished zinc coming.

Tokyo

Tokyo is designed to focus on European styling that suits the door that surrounds them. Contemporary, clean, simple etched designs that have proved very popular.

Vector

By combining Fusion glass tiles with small stainless steel elements and etched glass, Vector is a strikingly modern glazing option that is ideally suited for contemporary doorsets.

Victorian Border

Obscure delicately sandblasted glass combined with a crisp clear keyline gives Victorian Border a classical simplicity that is equally in place in contemporary and traditional doors.

CONTEMPORARY

Bold Pink

Inspired by Pop Art and developed into a decorative glass design unlike anything else available by our design consultant Jeyda, Bold Pink makes the ultimate statement.

Etch Lines

The simplicity of the clear lines against the etched effect gives a truly contemporary, minimalist look that combines privacy and design.

Graphite

Graphite is modernity at its best. Using the latest weld-free coming technology in stunning matt black, it is a modern take on decorative glass which will complement any contemporary door.

Hive

Hive has always been an icon of hard work, but more recently, promotes the ideal of togetherness. Its roots have been based in Manchester for centuries – but can be seen across the UK as a symbol of nature.

Impression

Stunning black chrome coming combined with satin and grey bevelled glass pieces, Impression makes a striking statement encapsulated inside a double glazed unit for easy cleaning.

Kew

Kew combines intricate bevel work and soft water glass against a background of obscure etched glass. The central flower motif will make a stunning focal point for any door.

Lotus

Using the 'weld-free' chrome finish aluminium comes, combined with bevelled glass pieces and etched Millenium glass, Lotus is a truly stunning yet simple design.

CONTEMPORARY

Louisiana

The complex bevelled design combined with stunning textured glass creates a design with undoubted kerb appeal and 'Wow Factor'.

Metallic

Metallic is a brand-new innovation that combines a striking etched backing design with ultra-modern brushed stainless steel effect inserts. Perfect for those seeking the very latest contemporary finish.

Metropolis

Metropolis is inspired by the Art Deco designs of the 1930's and, with its bold design and colourways, it looks equally at home in both traditional and more modern door settings.

Peak

From the unique Jeyda design collection, Peak is a fabulously unique design with an array of colours and textures combined with fine black lines.

Quantum

Combining our soft acid etched Difuso glass with the deeper texture of the sandblasted design creates a modern, striking glass perfectly suited for contemporary doors.

Quadratum

The etched glass squares with delicate clear circles inset in the pattern is a modern twist on the traditional etched glass style.

Skyline

A simplistic yet strikingly modern glass design, Skyline uses a combination of multi-width clear lines against a background of delicately sandblasted glass.

Soul Pink

The combination of delicate pink colours with varying levels of transparency, combine to create a modern design with a nod to the mid-century modern design style.

Spirit Pink

Bold colours and textures glass effects are combined with a beautiful, fused glass motif.

Space

Minimalist and stylish, Space is a modern geometric design of an etched glass design, offset with 3-dimensional black glass elements, encapsulated inside a triple glazed unit.

Tectronic

A truly contemporary design from our in-house designer Jeyda. The geometric shapes are combined with neutral greys and black glass colours to create a design unlike anything else on the market today.

Trinity

The multi-width lines of Difuso soft acid etched glass contrast beautifully with the deeper texture of the sandblasting to create a truly modern design.

Clear or Obscure Glass Options

The majority of our door styles are also available in a standard range of 4 carefully selected Low-E Laminated patterned glass options or Low-E Laminated clear glass.

Minster

Minster pays homage to historic hammered glass and is most suited to period homes or more traditional door styles.

Stippolyte

The timeless appeal of this stipple effect glass makes it one of our most popular options. The surface texture offers very high levels of obscurity and the design suits most door and house styles.

Cotswold

A more heavily textured pattern resembling water cascading over a surface. It is one of our most popular patterns and is especially suitable for doors that require higher levels of privacy.

Satin

Satin glass is an acid etched glass that offers high levels of privacy. It is a very neutral finish similar to sandblast and is ideal for use in both traditional and contemporary doors.

Make your door SMART!

Upgrade your lock to Ultion Smart to control your door lock with your smartphone, your watch, by voice command or with a key.

Unlock on approach

You can set Ultion Smart to unlock as soon as you enter the unlock zone without even touching your phone.

Lock behind you

Never wonder if you locked the door again. You can set how long Ultion Smart stays unlocked for before securing the door again.

Send guest keys by phone

You can send a digital key or numerical code for use of the optional wireless key pad. These can be used as a timed or permanent access straight to a guest's phone by text or email.

Voice control

Operate via Alexa and Siri.

£2000 Security Guarantee

Ultion and Ultion Smart locks give the highest protection from the most common method of forced entry - lock snapping.

Registered locks are covered by the £2000 Security guarantee.

Activate your Ultion 5 year guarantee for free at www.ultion.co.uk

Works with lever handles or slam locks.

Wireless keypad

The wireless keypad option connects to Ultion Smart using bluetooth. You get all the convenience of a keypad without fitting a control panel to your front door.
