OMNIA

Product:
Casement Window
and Engineered Door.
Colour:
Sage

One system endless opportunity.

Designed to meet the growing demand for sleek, timber-style windows.

OMNIA delivers the look homeowners love with the ease and efficiency needed for installation. Options for a window with flush, chamfered and sculptured profile offer all styles from one system. High thermal performance is achieved with the double rebate in addition to outstanding aesthetics with slim sightlines and Timberweld® joints.

The OMNIA system will help you win more work and build a reputation for quality and reliability.

Product:
Casement Window
Colour:
Anthracite Grey

Full Suite System:
Casements, Tilt & Turn, French doors and Engineered Door accredited to PAS24.

Double Rebate:
Delivers superior weather performance, and enhanced security.

Thermal Efficiency:
U Values as low as 0.79 – exceed regulations and future-proof for upcoming changes.

Flush Sash Demand:
One of the fastest-growing window styles in the UK - take advantage.

Perfect for Retrofit:

Bay Window with
Side Opening Casements
Colour:
Claystone

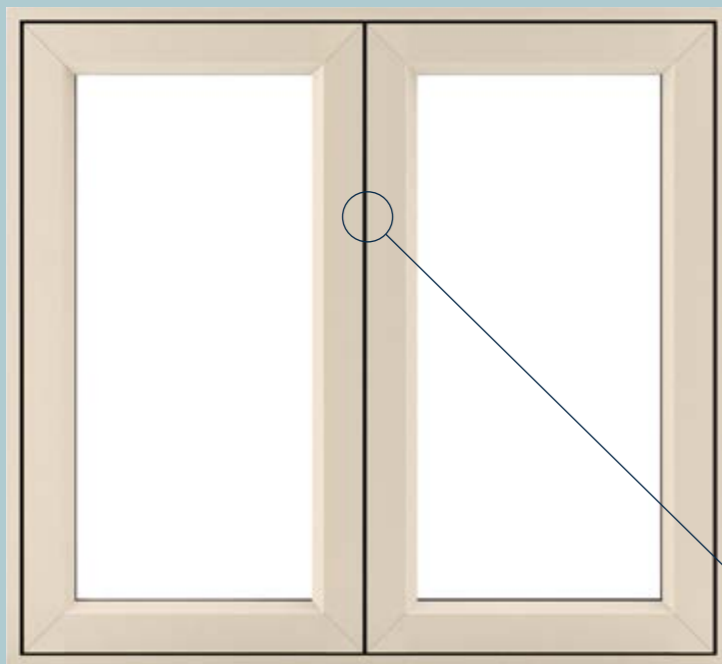

Product:
Casement Wndows and outward Opening French
Doors
Colour:
Agate Grey on White

Every detail covered.

With OMNIA, the real beauty is in the manufacturing details.

OMNIA was developed with fabricators and installers to create a true Double Flush system. A pioneering system that combines VEKA's trusted performance with sleek aesthetics, outstanding thermal values, and installer-friendly design.

Invisible mullions

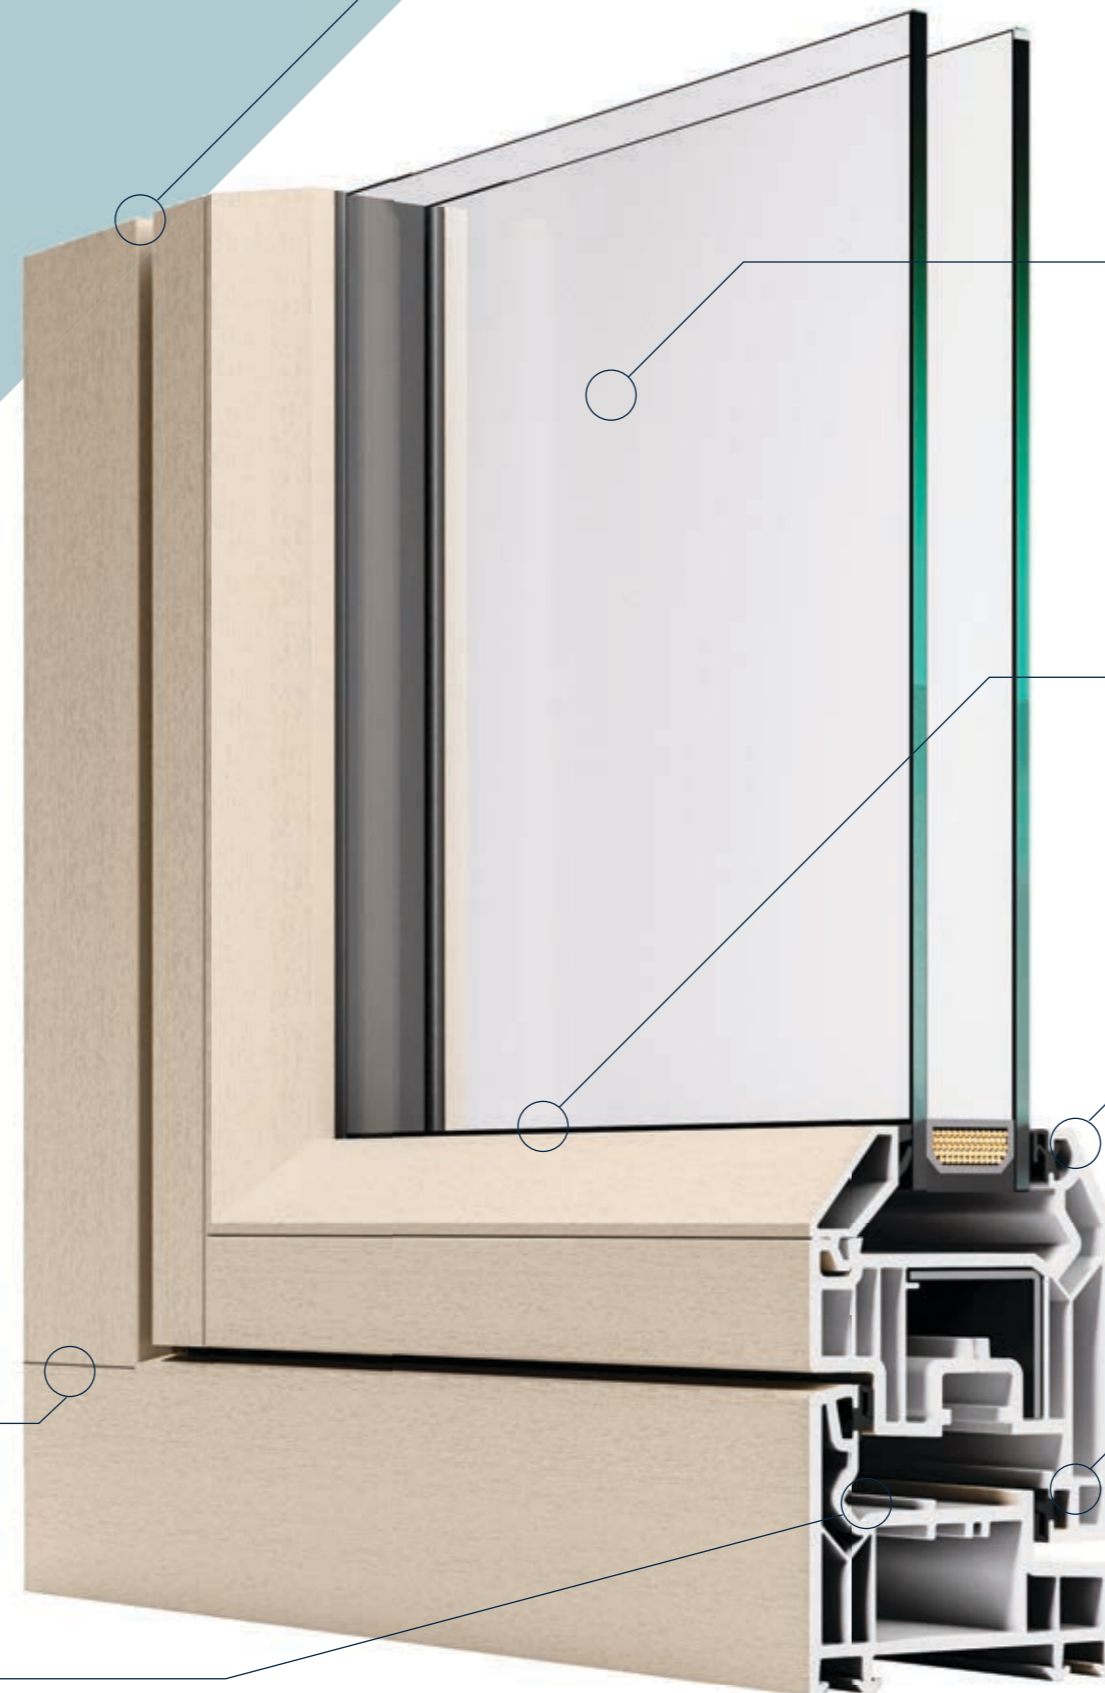

OMNIA windows can be constructed with invisible mullions, maintaining a sleek and unobstructive aesthetic both inside and out.

Jointing options

OMNIA provides versatility and compatibility with the option of a mitre weld or Timberweld, offering enhanced structural integrity and long-lasting performance.

Rider block mechanism

Streamlines the assembly process, saving time and effort during installation.

70mm frame depth

A quick and simple retrofit solution offering greater flexibility, with hassle-free replacements or upgrades without extensive modifications to existing structures.

U Value as low as 0.79

OMNIA will deliver exceptional thermal efficiency, enhancing overall comfort and wellbeing of building occupants, while also contributing to sustainability efforts and regulatory compliance.

Beading options

Provides design flexibility to accommodate diverse aesthetics preferences, ensuring your windows and doors seamlessly blend with the surrounding environment.

PCE gaskets included

The PCE is co-extruded to the OMNIA profile during the manufacturing process, streamlining workflows and ensuring consistent quality across all installations.

Double rebates

The ultimate performance in sealing the aperture against the elements, providing superior weather resistance and durability.

Tilt and Turn Windows upstairs, Casement
Windows downstairs with Residential doors.
Colour:
Anthracite Grey

Outstanding performance.

OMNIA has been engineered to meet and exceed the highest industry standards.

Rigorously tested to ensure it meets industry norms for security and weather performance whilst conforming to the latest kitemarks. You can expect exceptional thermal and acoustic properties when glazed with triple (0.79 w/m²K), double (1.2 w/m²K) or single glazed units.

Secure and energy efficient installations that will last for years to come.
