

Bi-Fold Door

Aluminium

GLAZER ^{ITE}
Trusted fabrication partner

Cortizo Aluminium Bi-Fold Doors

With Cortizo bi-folding doors, fabricated by Glazerite, you have access to a premium product that’s easy to sell and fit.

These sleek, robust aluminium bi-folding doors offer impressive performance with a contemporary finish, giving installers a product that’s both easy to fit and packed with features that homeowners love. From excellent thermal performance to flexible opening configurations, it’s a smart addition to any trade range.

Hardware

Veltè Bi-Fold Door Handle

Designed for intermediate locking on bi-fold doors, this handle offers a sleek, seamless look with concealed screws and anti-rotation security. It tilts out for use and sits flat when idle. Available in three models and finished in matte black, matte grey, or white gloss. Made from zinc die-cast with a steel spindle.

Robus Compact Shoot Bolt Lock

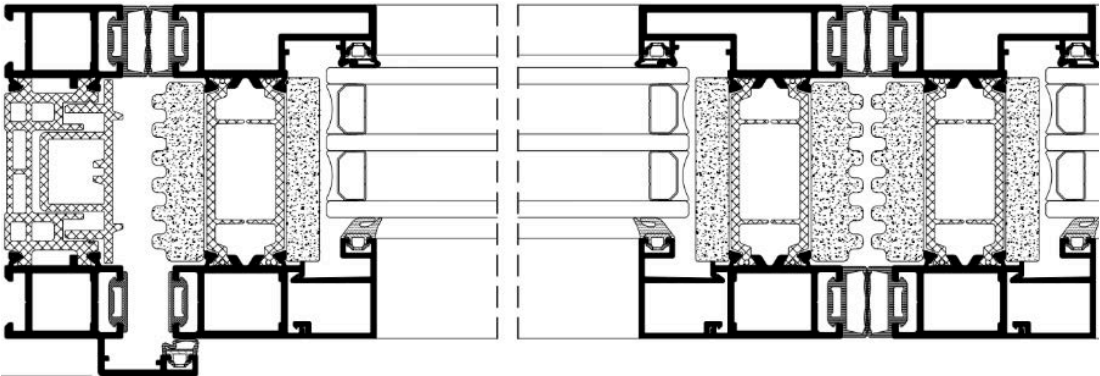

Designed for slim profiles with a 26.5mm lock width, this high-strength zinc die-cast lock offers corrosion resistance. It secures both top and bottom for added protection against forced entry and weather. Suitable for aluminium, PVC, and timber doors in residential or commercial settings.

Protec Magnetic Door Holder

This door holder stabilizes folding doors for added safety, reduces hardware strain, and holds doors open. A durable polyurethane pad cushions impact and protects surfaces. Made from zinc die-cast, available in Matt Black, Matt Grey, White Gloss, Polished Chrome, and Brushed Satin Chrome.
