AN INTRODUCTION TO

GLAZERITE

Trusted fabrication partner

UK MANUFACTURE, NATIONWIDE DELIVERY

BY YOUR SIDE

DISCOVER GLAZERITE

Founded in 2000, Glazerite has grown exponentially into one of the largest windows and doors fabricator in the UK. With three manufacturing sites across Britain, we have the capacity to handle large volumes while maintaining exceptional quality across the UK.

Decades of industry wisdom at your fingertips. With access to the full portfolio from market leading brands, you'll have the option for every property and homeowner.

What sets Glazerite apart is the support provided to installers. With dedicated account managers, and a committed customer service team. Glazerite deliver projects and provide additional marketing support to ensure that you stand out from your competitors.

Glazerite is proud to operate a full, modern fleet of vehicles which has the capability of delivering all over the UK.

We're more than just a fabricator of windows and doors - we're committed to shaping success through strong partnerships.

OUR VISION

To be the most valued business partner in the fabrication of windows and doors. We strive to set the benchmark for quality, service and reliability in our industry, By consistently delivering trusted solutions and fostering lasting relationships, we aim to be the partner our customers count on - not just for products, but for long-term success.

OUR MISSION

To offer exceptional products and solutions that enable our customers to become best-in-class, strengthened by our collaborative supplier relationships and delivered by our dedicated workplace. Our mission drives us to not only meet expectations but to consistently exceed them - through superior craftsmanship, dependable service, and trusted relationships across the supply chain.

OUR VALUES

Our core values shape every decision, partnership and product we create.

People - We prioritise safety, culture and development.

Passionate - We care deeply about what we do.

Performance - We pursue excellence in every department.

Partnership - We grow stronger through our collaboration.

NATIONWIDE COVERAGE

On time. In full. Backed by people who are by your side - wherever your business is based, we've got you covered.

We understand how vital timely deliveries are to your reputation and workflow. That's why our dedicated logistics team works hard to ensure dependable schedules, flexible arrangements, and clear communication - every step of the way.

With multiple manufacturing and distribution sites across the UK, we're perfectly placed to deliver efficiently and reliably to our installers and trade partners nationwide. Our regional divisions mean shorter lead times, flexible delivery options and consistent service, no matter where you are based.

BACKED BY TRUSTED INDUSTRY ACCREDITATIONS

Delivering trusted, high-performance solutions that meet the latest industry standards - ensuring every product is compliant, consistent and built to last.

Our accreditations are more than just certificates - they're a commitment to quality, compliance and consistent performance. By meeting nationally recognised standards for security, energy efficiency and manufacturing excellence, we help ensure the products you receive are fully compliant and built to perform.

Whether you're installing in homes or specifying for commercial projects, our certified systems give you confidence that every product meets the latest regulations. With Glazerite, you're backed by a fabricator that puts integrity, traceability and industry best practice at the heart of everything we do.

OUR PRODUCT RANGE

With over two decades of fabrication experience, the Glazerite portfolio is comprehensive, high quality and tailored to meet commercial and residential installations.

We are continuously improving our operations to maximise our manufacturing performance, regularly investing in our people and our machinery so we can help you stay one step ahead of your competitors.

It's our business to focus on yours, and we achieve that by meeting customer demand for everything from Heritage styles with our Vertical Sliders and Flush Sash ranges, through to stylish hardware and smart technology from the likes of Ultion.

You'll have access to a fantastic range of systems including VEKA M70 and FS70, Halo Rustique and System 10, Aluminium Casements, Tilt and Turn, Patio and Bi-fold in addition to the Doorco and Solidor Composite Doors.

We can even help you meet challenging specification for non-standard jobs while our commercial insight and technical expertise from the tender stage through to the installation ensures commercial projects are delivered on time and within scope.

We offer premium products with enhanced warranties and guarantees to appeal to each and every customer. Get in touch to find out more.

OUR COMMITMENT TO SUSTAINABILITY

We take great care to ensure what we do has minimal effect on our environment, through our processes and working with environmentally aware suppliers. From recycled materials to low-emission delivery, sustainability is woven into our products, process and partnerships.

- Sustainability at Glazerite extends beyond our products - it's also built into how we deliver them. We operate a modern, fuel-efficient fleet of vehicles designed to reduce emissions and minimise the environmental impact across our delivery network which spans nationwide.

- In line with our fleet of vehicles, we utilise advanced technology which calculates the most efficient routes for deliveries. This reduces our carbon footprint, and aligns with our philosophy of being a responsible, forward thinking and eco-friendly fabricator.

- Glazerite remains committed to responsible manufacture and we are proud to work as a fair and ethical fabricator. Reducing the environmental impact of our products is at the core of our values.

- Our partnership with VEKA emphasises these values. VEKA were the first to establish a closed loop recycling plant in the UK, allowing our installers to recycle old frames and maintain the highest environmental and industry standards.

- VEKA profiles include recycled content, showing that sustainability is built into every frame. With a durable product that has a lifespan of over 30 years and the ability to be recycled over 10 times, a single uPVC window or door can deliver for over 350 years.

COMMERCIAL INSTALLER? CHOOSE GLAZERITE

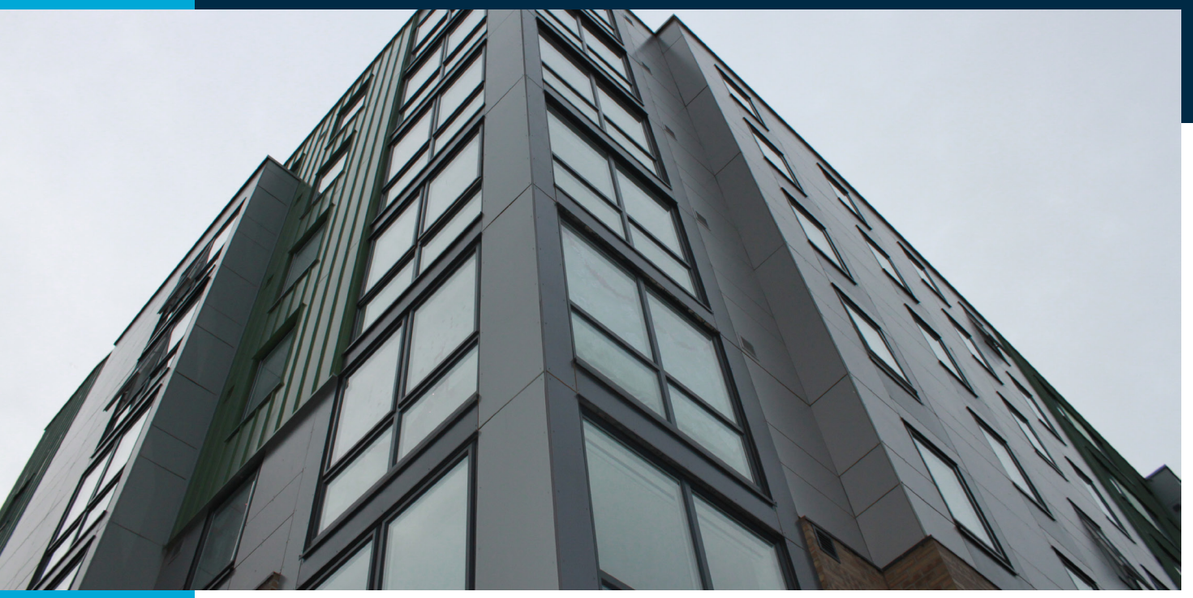

For commercial installers, having a reliable fabricator that can deliver a comprehensive portfolio of high quality products and added value solutions can make the difference on complex, large-scale projects.

With an extensive portfolio that now includes aluminium, alongside our leading brand uPVC products, our installer base is also supported by an extensive and reliable delivery service. What's more, our multi-site capabilities means we can flex our capacity to suit projects, underpinned by regular investment in our operations and people.

Our remarkable and stapled reputation is down to the quality and precision in each frame. Working with industry leading suppliers, mixed with our dedicated and experienced fabrication team, our solutions are industry defining.

From specification to installation, our commercial team brings a partnership-led approach designed to make life easier for installers. Every customer benefits from dedicated account management, technical guidance, and end-to-end project support, ensuring confidence from tender to completion.

OUTSOURCE YOUR FABRICATION

If you're a fabricator-installer, the decision to stop fabricating in-house is a big one. Ultimately, it may be the right call to secure the future of your business.

Running a fabrication operation is no longer the easiest route to growth. Rising costs, skills shortages, and constant reinvestment in tooling and compliance make it harder to plan for the future. That's where we come in; here at Glazerite, we take the strain off your shoulders. Supplying high-quality products, reliable support, and the freedom to focus on what really matters: installations, customers and business growth.

By outsourcing to Glazerite, you get a scalable, modern manufacturing solution - without the capital expense or operational risk. We continuously invest in our people, systems and technology so you don't have to. Whether you want to grow your product range, take on bigger projects, or simply free yourself from day-to-day manufacturing pressures, we help you move forward with confidence.

"We've already invested in the facilities, technology and expertise - so you don't have to."

MARKETING SUPPORT

Strategic, practical and built around your goals - we're by your side with tailored marketing that helps you win more work and build your brand.

When you work with Glazerite, you don't just get product supply - you get access to our marketing team, who are ready to support your business. Whether you're starting from scratch or looking to sharpen up your existing materials, we'll help you create a brand and marketing approach that reflects the quality of work.

We know you're focused on delivering great work for your customers - but finding time to promote your business isn't always easy, That's where our expert marketing team comes in. We work with you to build a professional, consistent brand across every channel.

Whether you need help with a full rebrand, new signage or printed collateral, we're by your side to give you the tools and confidence to grow your visibility and reputation.

As a Glazerite partner, you get more than quality products - you gain expert marketing support that's tailored to your business and goals. We're by your side with the tools and insight to help you grow with confidence.
